## FOR IMMEDIATE RELEASE

### New Constitutional-Conservative Coalition in East Tennessee

**Knoxville, TN** — Constitutional conservative groups across East Tennessee have come together to create the Tennessee Constitutional Grassroots Coalition (TCGC). This newly formed coalition currently represents 12 counties in East Tennessee embodying more than 9,500 Tennessee residents. While each individual group will continue to focus on protecting faith, family, and freedom in their respective counties, TCGC will consolidate the voices of all group members to leverage resources and positively influence legislation at the local, state, and national levels. TCGC is expecting to welcome additional East Tennessee Counties soon.

Current TCGC membership includes the following counties and groups:
